

# CERTIFIED SURVEY SUBMITTAL

A. This instrument confirms that the undersigned is a registered surveyor, employed by the Company named below, holding a current license under the laws of the State of Utah.

B. The opinions made in this instrument are based, in part, on a review of the approved design plans and any recorded easements for the \_\_\_\_\_ subdivision (the "Subdivision"), located within the boundaries of the JORDAN BASIN IMPROVEMENT DISTRICT.

C. The undersigned has performed a complete and accurate survey of the sewer lines and manholes (the "Sewer Improvements") installed in the Subdivision.

D. The undersigned certifies the following to be true and accurate statements as to the location of the Sewer Improvements within the Subdivision:

1. The Sewer Improvements are constructed and located within the public rights of way and/or recorded sanitary sewer easements;
2. The Sewer Improvements are located no closer than five (5) feet from the edge of any curb (measured from the edge of the pavement to the edge of the manhole collar/pipe);
3. The manhole rims are set at an elevation that will ensure that, upon completion of the roadway surface, no more than twelve (12) inches of grade rings will be required to bring the manhole collar to the level of the pavement.

Concurrent with this Certification, the undersigned submits, in electronic format, an excel spreadsheet showing the manhole coordinates, rim and invert elevations, and the Benchmark coordinate and elevation in Utah Central NAD83 foot coordinate system.
